Common Good Bank™ can help us build a better world.

As a Common Good Bank depositor, YOU decide what your bank should invest in and how the profits will be distributed for the good of all. Any community can participate, with as few as 50 depositors.

What should your bank invest in?

- Local agriculture and small business?
- Education?
- Renewable energy?
- Cooperative healthcare?

What should the profits be spent on?

- The arts and sciences?
- Social services?
- Environmental protection?
- Disaster relief?

It's your community. It's your bank. It's your future.

You decide.
